**RELEVANT WORK EXPERIENCE:**

CTE Certified 3D Animation and Multimedia Instructor for the Computer Magnet Program

2006 to 2007

Denver North High School - Denver, CO

- The Computer Magnet is a comprehensive technology and leadership program offering industry standard training in Web Applications, Solution Designs and 3D Animation, Broadcast & Broadband Communication and Project Management.
- Students in the Computer Magnet program, at North High School, receive in-depth and integrated training in technology using the most current industry software tools and equipment.
- Since the Computer Magnet operates as a business, students of the Computer Magnet program will be given the opportunity to partner together on technology projects for actual customers. So in addition to the technology training the students receive, they also receive training in leadership, project management, functioning in highly effective teams and building of personal habits of effectiveness.

**RELEVANT WORK EXPERIENCE:**

Sales, Graphic Design, Desktop Publishing

1998 to 2004

Stohlquist Waterware - Alamosa, CO

- Imparted creative concepts by means of verbal communication, pencil sketches, or design programs to formulate advertisements, dealer workbooks, logos, product features, catalogs, hang tags, and web materials. Executed each individual project given the necessary requisition from start to finish.
- Developed seven consecutive catalogs, two consisting of pencil sketches used to illustrate product and product features, and the remainder using Photoshop and QuarkXPress.
- Designed five new company logos, and integrated each of the logos into web materials, hang tags, product labels, advertisements, and catalogs.
- Collaborated with web administrator to redesign the company web page and furnish all graphical materials.
- Assisted a photographer to photograph product for the production of a catalog, and was responsible for the products appearance and presentation upon being photographed. Designated to style, photograph, outline, and color correct all new products for catalog, web, and advertisements.
- Assigned to offer assistance to dealers, retail customers, and reps regarding orders, samples, and product technical questions and guarantee their satisfaction.
- Requested to attend the Outdoor Retailer show in Salt Lake City to Deliver presentations to dealers unveiling new product and preserve their interest in the company and its products.
